

Public Health Service, HHS

§ 57.710

from time to time announce in the FEDERAL REGISTER.

[44 FR 36178, June 21, 1979, as amended at 52 FR 24160, June 29, 1987; 53 FR 14792, Apr. 26, 1988; 57 FR 45736, Oct. 5, 1992; 61 FR 6124, Feb. 16, 1996]

§ 57.707 Grant award.

(a) *General.* (1) Within the limits of funds available for this purpose, the Secretary may award grants to those applicants whose projects will, in his or her judgment best promote the purposes of section 750 of the Act as determined in accordance with § 57.706.

(2) The notice of grant award specifies the length of time the Secretary intends to support the project without requiring the project to re compete for funds. This period, called the project period, will not exceed 5 years.

(3) Neither the approval of any project nor any grant award shall commit or obligate the United States in any way to make any additional, supplemental, continuation, or other award with respect to any approved project or portion of an approved project. For continuation support, grantees must make separate application at such times and in such a form as the Secretary may prescribe.

(b) The Secretary will determine the amount of any award on the basis of his or her estimate of the sum necessary for the cost (including both direct and indirect costs) of the project.

(c) Generally, the grant will initially be funded for 1 year, and subsequent continuation awards will also be for 1 year at a time. Decisions regarding continuation awards and the funding levels of these awards will be made after consideration of such factors as the grantee's progress and management practices, existence of legislative authority, and the availability of funds. In all cases, continuation awards require a determination by the Secretary that continued funding is in the best interest of the Federal Government.

[44 FR 36178, June 21, 1979, as amended at 57 FR 45736, Oct. 5, 1992; 61 FR 6124, Feb. 16, 1996]

§ 57.708 Grant payments.

The Secretary will from time to time make payments to a grantee of all or a

portion of any grant award, either in advance or by way of reimbursement.

[44 FR 36178, June 21, 1979]

§ 57.709 Purposes for which grant funds must be spent.

(a) Grant funds must be spent solely for carrying out the approved project under section 750 of the Act, these regulations, the terms and conditions of the grant award, and applicable cost principles specified in subpart Q of 45 CFR part 74.

(b) Grant funds may not be spent for sectarian instruction or for any religious purpose.

(c) Any balance of federally obligated grant funds remaining unobligated by the grantee at the end of a budget period may be carried forward provided specific approval is granted by the Secretary. If at any time during a budget period it becomes apparent to the Secretary that the amount of Federal funds awarded and available to the grantee for that period, including any unobligated balance carried forward from prior periods, exceeds the grantee's needs for the period, the Secretary may adjust the amounts awarded by withdrawing the excess. A budget period is an interval of time (usually 12 months) into which the project period is divided for funding and reporting purposes.
